

# nita

Nita's products are meant to preserve the inherent qualities and imperfections of the given materials. All the products are hand made with this philosophy in mind. Products may come with natural finishes, exposed elements and unlaquered. Whilst we strive to have our products leave in pristine condition, these may arrive with minor oxidation marks. All our products are represented in such a way to insure product finishes and colors are accurate. Nicolo Taliani Ltd reserves the right to alter these details without notice, in compliance with its own product needs, manufacturing changes in response to current market needs. Color swatches are for reference only, Nicolo Taliani Ltd cannot guarantee exact color match for any product finishes.

All designs are protected under copyright law. Nicolo Taliani Ltd holds the exclusive manufacturing and distribution rights worldwide. Copying will be prosecuted.

All light fixtures in this catalogue have CE marking compliance.

nita

Spot SL, 2019

Providing a warm spotlight, this architectural fixture features a lighting device placed within the brass turned body and machined flange / reflector. Industrially elegant, visually balanced this fixture creates a uniquely sculptural moment, offering a distinctive impact within any space.

# nita

Spot SL, 2019

Brass turned body  
Brass flange  
PMMA & cellophane diffusor  
Black PVC electrical cord

## Product Description

Providing a warm spotlight, this architectural fixture features a lighting device placed within the brass turned body and machined flange / reflector. Industrially elegant, visually balanced this fixture creates a uniquely sculptural moment, offering a distinctive impact within any space.

## Product Specifications

100cm h | base: 16cm h x 18cm w  
Weight: 4kg  
Handcrafted in Italy

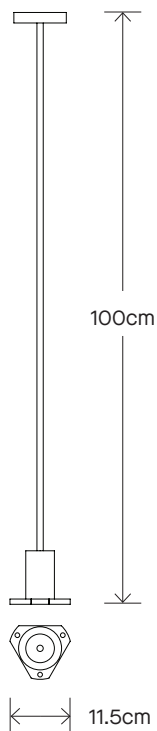

## Bulb Specifications

Input voltage: 110 / 240V  
Source: 12.5W LED Dimmable (2700k)  
Certification: CE, UL conform

Due to the hand made nature of this object, small imperfections in glass finish or cellophane wrapping may be possible.

## Cleaning Instructions

Before cleaning, light fixtures must be turned off and unplugged from the mains electricity. Light bulb must be unscrewed. Whilst cleaning please be extremely careful. Use a damp cloth or window cleaning product. Make sure the product is completely dry before switching the electricity on.

Brass flange  
PMMA & celophane diffusor  
Black PVC electrical cord

Available finishes

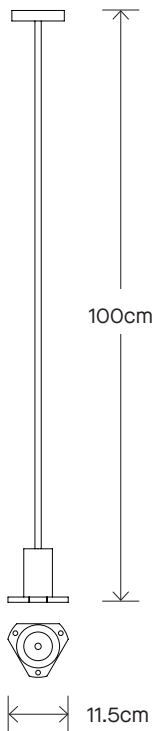

Satin brass N02121605000000/100

Cleaning Instructions

Please note brass / copper is a soft material and must be handled with extra care. For maintenance, only use lint-free dust cloths and wear the white cotton gloves, provided, if handling it. To polish, use a good quality nonabrasive brasscleaner and extra soft dust cloths (lint-free). If in doubt contact your point of sale or sales@nitacollection.com.

For the stainless steel, use a lightly damp soft dust cloth and gently go over marks until clean. Dry it afterwards with a soft dust cloth.
